Lightweight and luxurious

THIS PRODUCT Postmodern Luxury

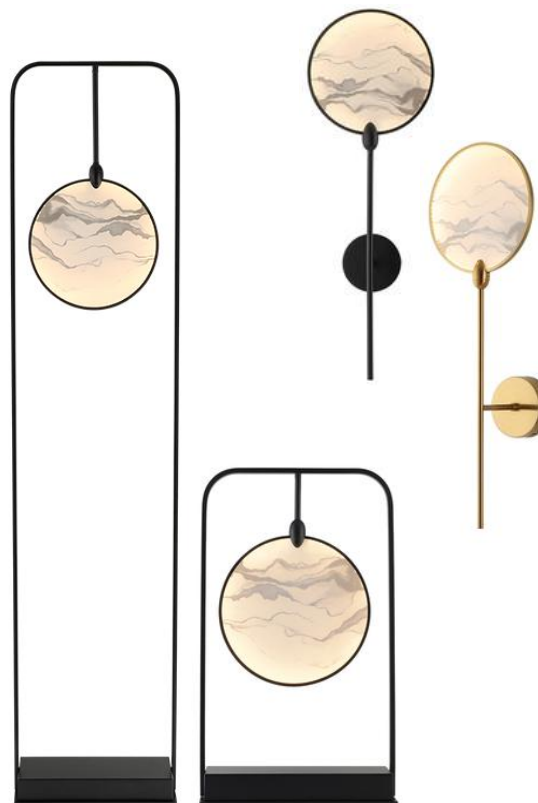

Lightweight and luxurious post-modern furniture effectively integrates the new and old styles, effectively plays a compromising role, at the same time, it uses a variety of expression techniques, so that the light and luxurious post-modern furniture has its own unique style and artistic pursuit.

The modelling of light and luxurious post-modern furniture generally takes rectangle as the basic frame, and the edges and corners of the plate are cleverly processed by ellipse, using a large number of delicate and elegant arc design, full of rhythmic beauty, gentle, excellent and superb. It has a forward-looking and unconstrained design concept, catering to the aesthetic taste of the new and noble people.
